

A scenic autumn landscape featuring a calm body of water in the foreground, reflecting the surrounding trees and sky. The trees on the left and right banks are in various stages of autumn, with some showing bright yellow and orange foliage, while others are still green. The sky is a clear, pale blue. In the background on the right, a yellow construction crane and some buildings are visible. The overall atmosphere is peaceful and serene.

Efternitrifikation med syre från en ozonanläggning
